The following are the definitions for the purpose of CRS Entity classification:

Financial Institution	
Financial Institution	The term "Financial Institution" means a Custodial Institution, a Depository Institution, an Investment Entity, or a Specified Insurance Company.
Investment Entity with tax residence in non-participating jurisdiction and managed by another FI (please fill in Section 4)	Any Entity the gross income of which is primarily attributable to investing, reinvesting, or trading in Financial Assets if the Entity is (i) managed by a Financial Institution and (ii) not a Participating Jurisdiction Financial Institution. "An Entity is "managed by" another Entity if the managing Entity performs, either directly or through another service provider on behalf of the managed Entity, any of the activities or operations described in clause (i) above in the definition of "Investment Entity". An Entity only manages another Entity if it has discretionary authority to manage the other Entity's assets (either in whole or part). Where an Entity is managed by a mix of Financial Institutions, NFEs or individuals, the Entity is considered to be managed by another Entity that is a Depository Institution, a Custodial Institution, a Specified Insurance Company, or the first type of Investment Entity, if any of the managing Entities is such another Entity. CRS requires Reporting Financial Institution to consider such Investment Entity as Passive NFE and to provide information on Controlling Persons of the Entity.
Other Investment Entity	An Entity that primarily conducts as a business one or more of the following activities or operations for or on behalf of a customer: <ul style="list-style-type: none"> <li>• Trading in money market instruments (cheques, bills, certificates of deposit, derivatives, etc.); foreign exchange; exchange, interest rate and index instruments; transferable securities; or commodity futures trading;</li> <li>• Individual and collective portfolio management; or</li> <li>• Otherwise investing, administering, or managing Financial Assets or money on behalf of other persons</li> </ul>

Financial Institution Non Reporting according to your local jurisdiction legislation where you are resident (type to precise below)	OECD is providing a definition of Non Reporting FI in the handbook p46 which includes: c) any other Entity that presents a low risk of being used to evade tax, has substantially similar characteristics to any of the Entities described in subparagraphs B(1)(a) and (b), and is defined in domestic law as a Non-Reporting Financial Institution, provided that the status of such Entity as a Non-Reporting Financial Institution does not frustrate the purposes of the Common Reporting Standard. Following this, some EU countries defined some specific local entities which are falling in this c) definition, published in the "Official Journal" of the European Union In addition, the OECD requests in the handbook p 210, point 15: A jurisdiction must have procedures in place to ensure that Non-Reporting Financial Institutions and Excluded Accounts defined in domestic law continue to have a low risk of being used to evade tax. This could include particular Entities or types of Entities. These procedures should include a periodic review of such status. This review may be performed as part of a regular tax audit or as a separate inquiry or review. Therefore, the classification will allow RBC I&TS to identify such entities and to do a quick reasonable test to confirm they are listed in their domestic law as a specific non Reporting Financial Institution.
